HDPE PCM thermoTabs

Type	Measurements	Volume
thermoTab 400	165 x 95 x 35mm	0,31L
thermoTab 600	191 x 122 x 35mm	0,52L
thermoTab 630	265 x 131 x 26mm	0,57L
thermoTab 1200	295 x 235 x 31mm	1,20L
thermoTab 1600	280 x 290 x 25	1,50L
thermoTab 3300	495 x 247 x 35mm	3,30L
thermoTab 4500 Gastonorm 1:1	530 x 325 x 30mm	4,50L
thermoTab XL 6L	620 x 380 x 40mm	6,00L

Benefits

Versatile Thermal Storage:

HDPE thermoTabs accommodate various Pluss savE[®] PCM's, providing flexibility for specific temperature requirements.

Customizable Options:

Choose from standard sizes or opt for a custom thermo-Tab, ensuring a perfect fit in your temperature controlled logistics process.

Durable and Resilient:

Made from high-quality HDPE Bimodal Resin Grade, these tabs withstand temperatures up to 50°C and as low as -65°C, ensuring durability and longevity.

Easy Integration:

Pluss thermoTabs' blow-molded HDPE construction facilitates seamless integration into existing systems and logistics processes.

Why Pluss Advanced Technologies

PLUSS is a **materials research** and **manufacturing** company involved in the field of **Phase Change Materials (PCMs)** for **thermal energy storage**.

A **sustainable** concept with endless **energy-saving applications**.

Your partner in PCM supply

European warehousing and encapsulating in the Netherlands

Custom solutions for special needs by strong research and development

15+ years of experience
